

SAFETY DATA SHEET

| 1. Identification | |
|-------------------------------|---|
| Product identifier | Obtura Cleaning Solution |
| Other means of identification | |
| Part Number | 822-609, 3069-01A, 823-703, 823-803 |
| Recommended use | A solvent degreasing agent designed for removing tar, adhesives, grease, oil and other residues from metal and other hard surfaces. |
| Recommended restrictions | None known. |

Manufacturer/Importer/Supplier/Distributor information

| Manufactured for: Company name Address | Obtura Spartan 2260 Wendt St. Algonquin, IL 60102 1-800-344-1321 |
|--|---|
| In Case of Emergency | Infotrac: 24-Hour Number - (U.S.)1-800-535-5053 Outside U.S1-352-323-3500 |

2. Hazard(s) identification

Label elements

| Physical hazards | Flammable aerosols | Category 1 |
|-----------------------|-----------------------------------|----------------|
| | Gases under pressure | Compressed gas |
| Health hazards | Skin corrosion/irritation | Category 2 |
| | Serious eye damage/eye irritation | Category 2 |
| | Sensitization, skin | Category 1 |
| Environmental hazards | Not classified. | |
| OSHA defined hazards | Not classified. | |

| | \bullet \bullet \bullet |
|--|--|
| Signal word | Danger |
| Hazard statement | Extremely flammable aerosol. Contains gas under pressure; may explode if heated. Causes skin irritation. Causes serious eye irritation. May cause an allergic skin reaction. |
| Precautionary statement | |
| Prevention | Keep away from heat/sparks/open flames/hot surfaces No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Wear eye/face protection. Avoid breathing gas. Wash thoroughly after handling. Contaminated work clothing must not be allowed out of the workplace. Wear protective gloves. |
| Response | If on skin: Wash with plenty of water. If skin irritation or rash occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse. Specific treatment (see this label). If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. |
| Storage | Store in a well-ventilated place. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. |
| Disposal | Dispose of contents/container in accordance with local/regional/national/international regulations. |
| Hazard(s) not otherwise classified (HNOC) | None known. |
| Supplemental information | Not applicable. |

3. Composition/information on ingredients

| Chemical name | Common name and synonyms | CAS number | % |
|--|---|--|---|
| Distillates Petroleum Hydrotreat Light | ed | 64742-47-8 | 60 - 70 |
| 3-Methoxy-3-methyl-1-butanol (MMB) | | 56539-66-3 | 10 - 20 |
| d-limonene | | 5989-27-5 | 10 - 20 |
| Carbon Dioxide | | 124-38-9 | 1 - 3 |
| 4. First-aid measures | | | |
| Inhalation | Remove victim to fresh air and keep at rest in a p artificial respiration if needed. Do not use mouth- Induce artificial respiration with the aid of a pock proper respiratory medical device. Call a POISO | to-mouth method if victin et mask equipped with a | n inhaled the substand one-way valve or othe |
| Skin contact | In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention if irritation develops and persists. | | |
| Eye contact | Immediately flush with plenty of water for at least 15 minutes. If easy to do, remove contact lens Get medical attention if irritation develops and persists. | | |
| Ingestion | Call a physician or poison control center immediately. Only induce vomiting at the instruction of medical personnel. Never give anything by mouth to an unconscious person. If vomiting occurs, keep head low so that stomach content doesn't get into the lungs. | | |
| Most important symptoms/effects, acute and delayed | Irritant effects. Symptoms may include stinging, t Defatting of the skin. Rash. Symptoms of overex drowsiness, headaches, confusion, decreased c are reversible if exposure is stopped. | posure can include short | ness of breath, |
| Indication of immediate medical attention and special treatment needed | Provide general supportive measures and treat s give oxygen. Keep victim under observation. Syr | | of shortness of breath |
| General information | In the case of accident or if you feel unwell, seek where possible). Ensure that medical personnel precautions to protect themselves. | | |
| 5. Fire-fighting measures | | | |
| Suitable extinguishing media | Alcohol resistant foam. Water fog. Dry chemical | powder. Carbon dioxide | (CO2). |
| Unsuitable extinguishing media | Do not use water jet as an extinguisher, as this v | vill spread the fire. | |
| Specific hazards arising from the chemical | Contents under pressure. Pressurized container | may explode when expo | sed to heat or flame. |
| Special protective equipment and precautions for firefighters | Firefighters must use standard protective equipn face shield, gloves, rubber boots, and in enclose clothing will only provide limited protection. | | |
| Fire fighting equipment/instructions | In case of fire and/or explosion do not breathe fur consider the hazards of other involved materials, without risk. Water runoff can cause environment | Move containers from fi | |
| Specific methods | Use standard firefighting procedures and consider container from fire area if it can be done without breathe fumes. | | |
| General fire hazards | Extremely flammable aerosol. | | |

6. Accidental release measures

| Personal precautions, | Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Keep out of |
|--------------------------|--|
| protective equipment and | low areas. Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). |
| emergency procedures | Wear appropriate personal protective equipment. Do not touch damaged containers or spilled |
| U | material unless wearing appropriate protective clothing. Avoid inhalation of vapors or mists. |
| | Ventilate closed spaces before entering them. Local authorities should be advised if significant |
| | spillages cannot be contained. Use personal protection recommended in Section 8 of the SDS. |

| Methods and materials for containment and cleaning up | Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Take precautionary measures against static discharge. Use only non-sparking tools. Keep combustibles (wood, paper, oil, etc.) away from spilled material. This material is classified as a water pollutant under the Clean Water Act and should be prevented from contaminating soil or from entering sewage and drainage systems which lead to waterways. |
|---|--|
| | Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Use a non-combustible material like vermiculite, sand or earth to soak up the product and place into a container for later disposal. Use water spray to reduce vapors or divert vapor cloud drift. Following product recovery, flush area with water. |
| | Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination. |
| | Never return spills in original containers for re-use. For waste disposal, see section 13 of the SDS. |
| Environmental precautions | Avoid release to the environment. Contact local authorities in case of spillage to drain/aquatic environment. Prevent further leakage or spillage if safe to do so. Avoid discharge into drains, water courses or onto the ground. |
| 7. Handling and storage | |
| Precautions for safe handling Conditions for safe storage, | Do not handle, store or open near an open flame, sources of heat or sources of ignition. Protect material from direct sunlight. Do not smoke. Take precautionary measures against static discharges. All equipment used when handling the product must be grounded. Use non-sparking tools and explosion-proof equipment. Avoid breathing mist or vapor. Avoid contact with skin. Avoid contact with eyes. Avoid prolonged exposure. Provide adequate ventilation. Wear appropriate personal protective equipment. Observe good industrial hygiene practices. Wash hands thoroughly after handling. Avoid release to the environment. Do not empty into drains. Level 3 Aerosol. |
| including any incompatibilities | Contents under pressure. Keep away from heat, sparks and open flame. Keep container tightly closed. Store in a cool, dry place out of direct sunlight. Store in a well-ventilated place. Keep in an area equipped with sprinklers. |

8. Exposure controls/personal protection

Occupational exposure limits

US. OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910.1000)

| Components | Туре | Value |
|----------------------------------|---|-------------|
| Carbon Dioxide (CAS 124-38-9) | PEL | 9000 mg/m3 |
| | | 5000 ppm |
| US. ACGIH Threshold Lir | nit Values | |
| Components | Туре | Value |
| Carbon Dioxide (CAS 124-38-9) | STEL | 30000 ppm |
| | TWA | 5000 ppm |
| US. NIOSH: Pocket Guide | e to Chemical Hazards | |
| Components | Туре | Value |
| Carbon Dioxide (CAS 124-38-9) | STEL | 54000 mg/m3 |
| , | | 30000 ppm |
| | TWA | 9000 mg/m3 |
| | | 5000 ppm |
| logical limit values | No biological exposure limits noted for the ingredient(s). | |
| propriate engineering trols | Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. | |
| vidual protection measur | es, such as personal protective equipn | nent |
| | | |

| Eye/face protection | Wear safety glasses with side shields (or goggles). Eye wash fountain is recommended. |
|---------------------|---|
| Skin protection | |
| Hand protection | Chemical resistant gloves are recommended. |

| Other | Avoid contact with clothing. Wear suitable protective clothing. Chemical resistant gloves. |
|-----------------------------------|---|
| Respiratory protection | No personal respiratory protective equipment normally required. Use a positive-pressure air-supplied respirator if there is any potential for an uncontrolled release, exposure levels are not known, or any other circumstances where air-purifying respirators may not provide adequate protection. |
| Thermal hazards | Not applicable. |
| General hygiene considerations | When using, do not eat, drink or smoke. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. |

10. Stability and reactivity

| Reactivity | The product is stable and non-reactive under normal conditions of use, storage and transport. |
|---------------------------------------|---|
| Chemical stability | Material is stable under normal conditions. |
| Possibility of hazardous reactions | Hazardous polymerization does not occur. |

| Conditions to avoid | Heat, flames and sparks. Avoid temperatures exceeding the flash point. |
|-------------------------------------|--|
| Incompatible materials | Strong oxidizing agents. |
| Hazardous decomposition products | Carbon oxides. |

11. Toxicological information

Information on likely routes of exposure

| Inhalation | May cause irritation to the respiratory system. |
|--|--|
| Skin contact | Causes skin irritation. May cause sensitization by skin contact. |
| Eye contact | Causes eye irritation. |
| Ingestion | May cause discomfort if swallowed. However, ingestion is not likely to be a primary route of occupational exposure. |
| Symptoms related to the physical, chemical and toxicological characteristics | Irritant effects. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Defatting of the skin. Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting. |

Information on toxicological effects

| Acute toxicity | Based on available data, the classification criteria are not met. | | |
|---|--|---------------------------------|--|
| Components | Species Test Results | | |
| 3-Methoxy-3-methyl-1-butanol (M | MB) (CAS 56539-66-3) | | |
| Acute | | | |
| Dermal | | | |
| LD50 | Rat | > 2000 mg/kg, 24 Hours | |
| Distillates Petroleum Hydrotreate | d Light (CAS 64742-47-8) | | |
| Acute | | | |
| <i>Dermal</i> LD50 | Rabbit | > 2000 mg/kg | |
| ED30 | habbit | > 2000 mg/kg, 24 Hours | |

| Acute | | | |
| Oral | | | |
| LD50 | Mouse | 5600 - 6600 mg/kg | |
| | Rat | > 2000 mg/kg | |
| Skin corrosion/irritation | Causes skin irritation. | | |
| Serious eye damage/eye | Causes serious eye irritation. | | |
| irritation | | | |
| Respiratory or skin sensitizatio | n | | |
| Respiratory sensitization | Based on available data, the classification criteria are not met. | | |
| Skin sensitization | May cause sensitization by skin contact. | | |
| Germ cell mutagenicity | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. | | |
| Carcinogenicity | Based on available data, the classification criteria | are not met. | |
| | Evaluation of Carcinogenicity | | |
| d-limonene (CAS 5989-2 OSHA Specifically Regulate Not listed. | 27-5) 3 Not classifiable a ed Substances (29 CFR 1910.1001-1050) | s to carcinogenicity to humans. | |

| Reproductive toxicity | Based on available data, the classification criteria are not met. |
|---|---|
| Specific target organ toxicity - single exposure | Based on available data, the classification criteria are not met. |
| Specific target organ toxicity - repeated exposure | Based on available data, the classification criteria are not met. |
| Aspiration hazard | Not likely, due to the form of the product. |
| Chronic effects | Prolonged exposure may cause chronic effects. |

12. Ecological information Ecotoxicity

Toxic to aquatic life with long lasting effects.

| Components | | Species | Test Results |
|------------------------------|---|---|------------------------------|
| Distillates Petroleum Hydrot | reated Light | CAS 64742-47-8) | |
| Aquatic | | | |
| Fish | LC50 | Rainbow trout,donaldson trout (Oncorhynchus mykiss) | 2.9 mg/l, 96 hours |
| d-limonene (CAS 5989-27-5 | i) | | |
| Aquatic | | | |
| Crustacea | EC50 | Water flea (Daphnia pulex) | 69.6 mg/l, 48 hours |
| Fish | LC50 | Fathead minnow (Pimephales promelas) | 0.619 - 0.796 mg/l, 96 hours |
| ersistence and degradability | Not inher | ently biodegradable. | |
| ioaccumulative potential | No data available. | | |
| Partition coefficient n-octa | anol / water (| log Kow) | |
| d-limonene | | 4.232 | |
| obility in soil | Readily absorbed into soil. | | |
| ther adverse effects | None known. | | |
| 3. Disposal consideration | ons | | |
| isposal instructions | Collect and reclaim or dispose in sealed containers at licensed waste disposal site. This material and its container must be disposed of as hazardous waste. Do not allow this material to drain into | | |

| | and its container must be disposed of as hazardous waste. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose of contents/container in accordance with local/regional/national/international regulations. |
|--|---|
| Hazardous waste code | D001: Waste Flammable material with a flash point <140 F D003: Waste Reactive material |
| Waste from residues / unused products | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). |
| Contaminated packaging | Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied. |

Marine pollutant

15. Regulatory information

US federal regulations

This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

CERCLA Hazardous Substance List (40 CFR 302.4)

Not listed.

SARA 304 Emergency release notification

Not regulated.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)

Not listed.

Hazard categories

Superfund Amendments and Reauthorization Act of 1986 (SARA)

Immediate Hazard - Yes Delayed Hazard - No Fire Hazard - Yes Pressure Hazard - Yes Reactivity Hazard - No

SARA 302 Extremely hazardous substance

Not listed.

SARA 311/312 Hazardous No chemical

SARA 313 (TRI reporting)

Not regulated.

Other federal regulations

Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

Not regulated.

Safe Drinking Water Act Not regulated. (SDWA)

US state regulations

- US. California Controlled Substances. CA Department of Justice (California Health and Safety Code Section 11100) Not listed.
- US. Massachusetts RTK Substance List Carbon Dioxide (CAS 124-38-9)
- US. New Jersey Worker and Community Right-to-Know Act

Carbon Dioxide (CAS 124-38-9)

- US. Pennsylvania Worker and Community Right-to-Know Law
 - Carbon Dioxide (CAS 124-38-9)

US. Rhode Island RTK

Not regulated.

US. California Proposition 65

California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.

International Inventories

| Country(s) or region | Inventory name | On inventory (yes/no)* |
|-----------------------------|---|------------------------|
| Australia | Australian Inventory of Chemical Substances (AICS) | Yes |
| Canada | Domestic Substances List (DSL) | Yes |
| Canada | Non-Domestic Substances List (NDSL) | No |
| China | Inventory of Existing Chemical Substances in China (IECSC) | Yes |
| Europe | European Inventory of Existing Commercial Chemical Substances (EINECS) | Yes |
| Europe | European List of Notified Chemical Substances (ELINCS) | No |
| Japan | Inventory of Existing and New Chemical Substances (ENCS) | No |
| Korea | Existing Chemicals List (ECL) | Yes |
| New Zealand | New Zealand Inventory | Yes |
| Philippines | Philippine Inventory of Chemicals and Chemical Substances (PICCS) | Yes |
| United States & Puerto Rico | Toxic Substances Control Act (TSCA) Inventory | Yes |

*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s) A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).
