

TCS Dental Appliance Cleaner

: Used to clean dental appliances

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Saturday, May 16, 2015/ Rules and Regulations Revision date: 5/16/15 Version: 1.0

Nevision date: 3/10/13 Version: 1.0

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name: TCS Dental Appliance CleanerProduct form: PowderOther means of identification: Denture Cleaner

1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture

1.3. Details of the supplier of the safety data sheet

Thermoplastic Comfort Systems, Inc 2619 Lime Ave. Signal Hill, CA 90755 (562)-426-2970

1.4. Emergency telephone number

No additional information available

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

GHS-US classification

Not classified

2.2. Label elements

GHS-US labelling

No labelling applicable

2.3. Other hazards

No additional information available

2.4. Unknown acute toxicity (GHS-US)

No data available

2.5 Carcinogenicity

Mixture

This material is not considered to be a carcinogen by the National Toxicology Program, the International Agency for Research on Cancer, or Occupational Safety and Health Administration.

SECTION 3: Composition/information on ingredients

3.1. Substance

Not applicable

3.2.

Name	Product identifier	%
Contains no hazardous ingredients at levels requiring disclosure by the OSHA Hazard Communication Standard (29 CFR 1910.1200).		100

SECTION 4: First aid measures

4.1. Description of first aid measu	res
First-aid measures general	 If exposed or concerned, get medical attention/advice. Show this safety data sheet to the doctor in attendance. Wash contaminated clothing before re-use. Never give anything to an unconscious person.
First-aid measures after inhalation	: IF INHALED: Breathing dust may irritate the nose and throat and cause coughing and chest discomfort. Remove to fresh air and keep at rest in a comfortable position for breathing. Give artificial respiration if not breathing. Get immediate medical attention if feeling unwell.
First-aid measures after skin contact	: IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin with water for at least 15 minutes.
First-aid measures after eye contact	: IF IN EYES: Immediately flush with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do so. Continue rinsing.
First-aid measures after ingestion	: IF SWALLOWED: rinse mouth thoroughly. Do not induce vomiting without advice from poison control center or medical professional. If conscious, give water. Get medical attention if you feel unwell. Do not give anything by mouth to an unconscious or convulsing person.
4.2. Most important symptoms an	d effects, both acute and delayed
Symptoms/injuries	: Not expected to present a significant hazard under anticipated conditions of normal use.
Symptoms/injuries after inhalation	: May cause respiratory irritation.
5/16/15	TCS Dental Appliance Cleaner Page 1

TCS Dental Appliance Cleaner Safety Data Sheet Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

o	
Symptoms/injuries after skin contact	: May cause skin irritation.
Symptoms/injuries after eye contact	: Direct contact with the eyes is likely to be irritating.
Symptoms/injuries after ingestion	: May cause gastrointestinal irritation.
4.3. Indication of any immediate me	dical attention and special treatment needed
No additional information available	
SECTION 5: Firefighting measure	es
5.1. Extinguishing media	
Suitable extinguishing media	: Carbon dioxide. Dry powder. Foam. Sand. Water spray.
5.2. Special hazards arising from th	e substance or mixture
Fire hazard	: Product is not flammable.
Explosion hazard	: Product is not explosive.
Reactivity	: No dangerous reactions known under normal conditions of use.
	· · · · · · · · · · · · · · · · · · ·
v	· Lies water aproving for scaling exposed containers. Exercise soution when fighting any
Firefighting instructions	 Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Do not dispose of fire-fighting water in the environment. Prevent human exposure to fire, fumes, smoke and products of combustion. Avoid contact with sprayed water - material slippery when wet.
Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection. Self-contained breathing apparatus.
SECTION 6: Accidental release n	neasures
6.1. Personal precautions, protectiv	/e equipment and emergency procedures
General measures	: No specific emergency measures are required other than good laboratory hygiene and safety practices. Avoid exposure to fumes from processing material while hot.
6.1.1. For non-emergency personnel	
Protective equipment	: Wear Protective equipment as described in Section 8.
6.1.2. For emergency responders	More estable established at the state of the state of the second state of the state
U J I	: Wear suitable protective clothing, gloves and eye or face protection.
Protective equipment 6.2. Environmental precautions	
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters.	Notify authorities if product enters sewers or public waters. Avoid release to the environment.
Protective equipment 6.2. Environmental precautions	Notify authorities if product enters sewers or public waters. Avoid release to the environment.
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. I 6.3. Methods and material for conta For containment	Notify authorities if product enters sewers or public waters. Avoid release to the environment. inment and cleaning up : Contain and collect as any powder
 Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. I 6.3. Methods and material for conta For containment 	Notify authorities if product enters sewers or public waters. Avoid release to the environment.
 Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. I 6.3. Methods and material for conta For containment 	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. inment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. 6.3. Methods and material for conta For containment Methods for cleaning up 6.4. Reference to other sections	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. inment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. I 6.3. Methods and material for conta For containment Methods for cleaning up 6.4. Reference to other sections No additional information available	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. inment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13).
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. I 6.3. Methods and material for conta For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and storag	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. inment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13).
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. In 6.3. Methods and material for contal For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and storage 7.1. Precautions for safe handling	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. inment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13).
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. In 6.3. Methods and material for contal For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and storage	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. inment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13). ge Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Provide appropriate exhaust ventilation at places of dust forming. Avoid breathing vapors from heated material. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. I 6.3. Methods and material for conta For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and storag 7.1. Precautions for safe handling Precautions for safe handling	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. inment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13). ge Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Provide appropriate exhaust ventilation at places of dust forming. Avoid breathing vapors from heated material. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. In the form of the sections and material for containment 6.3. Methods and material for containment For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and storage 7.1. Precautions for safe handling Precautions for safe conditions Precautions for safe storage, incomparison of the sectorage conditions	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. imment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13). je IDo not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Provide appropriate exhaust ventilation at places of dust forming. Avoid breathing vapors from heated material. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. cluding any incompatibilities Store in a dry, cool and well-ventilated place.
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. I 6.3. Methods and material for conta For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and storag 7.1. Precautions for safe handling Precautions for safe storage, inc Storage conditions SECTION 8: Exposure controls/p	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. imment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13). je IDo not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Provide appropriate exhaust ventilation at places of dust forming. Avoid breathing vapors from heated material. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. cluding any incompatibilities Store in a dry, cool and well-ventilated place.
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. It 6.3. Methods and material for conta For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and storage 7.1. Precautions for safe handling Precautions for safe storage, inclustorage conditions SECTION 8: Exposure controls/p 8.1. Control parameters	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. inment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13). je IDo not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Provide appropriate exhaust ventilation at places of dust forming. Avoid breathing vapors from heated material. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. cluding any incompatibilities Store in a dry, cool and well-ventilated place.
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. I 6.3. Methods and material for conta For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and storag 7.1. Precautions for safe handling Precautions for safe storage, inc Storage conditions SECTION 8: Exposure controls/p 8.1. Control parameters No data available	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. imment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13). je IDo not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Provide appropriate exhaust ventilation at places of dust forming. Avoid breathing vapors from heated material. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. cluding any incompatibilities Store in a dry, cool and well-ventilated place.
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. I 6.3. Methods and material for conta For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and storag 7.1. Precautions for safe handling Precautions for safe storage, inc Storage conditions SECTION 8: Exposure controls/p	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. imment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13). je Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Provide appropriate exhaust ventilation at places of dust forming. Avoid breathing vapors from heated material. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. cluding any incompatibilities Store in a dry, cool and well-ventilated place. Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. I 6.3. Methods and material for conta For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and storage 7.1. Precautions for safe handling Precautions for safe storage, inc Storage conditions SECTION 8: Exposure controls/p 8.1. Control parameters No data available 8.2. Exposure controls Appropriate engineering controls	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. imment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13). ge Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Provide appropriate exhaust ventilation at places of dust forming. Avoid breathing vapors from heated material. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. cluding any incompatibilities Store in a dry, cool and well-ventilated place. Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Ensure adequate ventilation, especially in confined areas.
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. I 6.3. Methods and material for conta For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and storag 7.1. Precautions for safe handling Precautions for safe storage, inc Storage conditions SECTION 8: Exposure controls/p 8.1. Control parameters No data available 8.2. Exposure controls Appropriate engineering controls Personal protective equipment	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. imment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13). Ife Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Provide appropriate exhaust ventilation at places of dust forming. Avoid breathing vapors from heated material. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Cluding any incompatibilities Store in a dry, cool and well-ventilated place. Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Ensure adequate ventilation, especially in confined areas. Not needed under normal usage
Protective equipment 6.2. Environmental precautions Prevent entry to sewers and public waters. I 6.3. Methods and material for conta For containment Methods for cleaning up 6.4. Reference to other sections No additional information available SECTION 7: Handling and storage 7.1. Precautions for safe handling Precautions for safe storage, inc Storage conditions SECTION 8: Exposure controls/p 8.1. Control parameters No data available 8.2. Exposure controls Appropriate engineering controls	 Notify authorities if product enters sewers or public waters. Avoid release to the environment. imment and cleaning up Contain and collect as any powder Sweep or shovel solid into appropriate container for disposal. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13). ge Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Provide appropriate exhaust ventilation at places of dust forming. Avoid breathing vapors from heated material. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. cluding any incompatibilities Store in a dry, cool and well-ventilated place. Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Ensure adequate ventilation, especially in confined areas.

TCS Dental Appliance Cleaner

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Respiratory protection

: Not needed under normal usage

Respiratory protection		
SECTION 9: Physical and chemical properties		
9.1. Information on basic physical and chemical properties		
Physical state	: Powder	
Appearance	: Free flowing solid	
Color	: White	
Odor	: None	
Odor Threshold	: No data available	
рН	: No data available	
Relative evaporation rate (butylacetate=1)	: Slower than Butyl Acetate	
Melting point	: No data available	
Freezing point	: No data available	
Boiling point	: Decomposes	
Flash point	: No data available	
Auto-ignition temperature	: No data available	
Decomposition temperature	: No data available	
Flammability (solid, gas)	: No data available	
Vapour pressure	: Not applicable	
Relative vapour density at 20 °C	: Heavier than air	
Relative density	: No data available	
Solubility	: Water: Negligible	
Log Pow	: No data available	
Log Kow	: No data available	
Viscosity, kinematic	: Not applicable	
Viscosity, dynamic	: Not applicable	

Explosive properties : No data available

Oxidising properties	: No data available
Explosive limits	: No data available

9.2. Other information

No additional information available

SECTION 10: Stability and reactivity

10.1. Reactivity

No dangerous reactions known under normal conditions of use.

10.2. Chemical stability

Stable under use and storage conditions as recommended in section 7.

10.3. Possibility of hazardous reactions

None known.

10.4. Conditions to avoid

Moisture

10.5. Incompatible materials

None known.

10.6. Hazardous decomposition products

None known.

SECTION 11: Toxicological information

11.1. Information on toxicological effect	ts	
Acute toxicity	:	Not classified
Skin corrosion/irritation	:	Not classified
Serious eye damage/irritation	:	Not classified
Respiratory or skin sensitisation	:	Not classified
Germ cell mutagenicity	:	Not classified
Carcinogenicity	:	Not classified
Reproductive toxicity	:	Not classified

TCS Dental Appliance Cleaner Safety Data Sheet Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Specific target organ toxicity (single exposure)	:	Not classified
Specific target organ toxicity (repeated exposure)	:	Not classified
Aspiration hazard	:	Not classified
Symptoms/injuries after inhalation	:	May cause respiratory irritation.
Symptoms/injuries after skin contact	:	May cause skin irritation.
Symptoms/injuries after eye contact	:	Direct contact with the eyes is likely to be irritating.
Symptoms/injuries after ingestion	:	May cause gastrointestinal irritation.

12.1. Toxicity	
No additional information available	
12.2. Persistence and degradability	
No additional information available	
12.3. Bioaccumulative potential No additional information available	
12.4. Mobility in soil No additional information available	
12.5. Other adverse effects	
No additional information available	
SECTION 13: Disposal consideration	ons
13.1. Waste treatment methods	
Waste treatment methods	: Do not discharge to public wastewater systems without permit of pollution control authorities. No discharge to surface waters is allowed without an NPDES permit.
Waste disposal recommendations	: Dispose in a safe manner in accordance with local/national regulations. Do not allow the product to be released into the environment.
SECTION 14: Transport information	n
In accordance with DOT	
Not hazardous for transport	
Additional information	
Other information	: No supplementary information available.
Transport by sea	
No additional information available	
Air transport	
No additional information available	
SECTION 15: Regulatory information	
15.1. US Federal regulations	
TCS Dental Appliance Cleaner	
	sted in the EPA (Environment Protection Agency) TSCA (Toxic Substances Control Act) Inventory
SARA Section 311/312 Hazard Classes	None
15.2. International regulations	
No additional information available.	
15.3. US State regulations	
California Proposition 65	

This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

SECTION 16: Other information		
Indication of changes	: Revision 1.0: New SDS Created.	
Revision date	: 05/16/15	
Other information	: Author: MSP	
05/16/15	TCS Dental Appliance Cleaner	4/5

TCS Dental Appliance Cleaner

Safety Data Sheet

Personal Protection

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

:

NFPA health hazard	: 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given.
NFPA fire hazard	: 0 - Materials that will not burn.
NFPA reactivity	: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.
HMIS III Rating	
Health	: 1
Flammability	: 0
Physical	: 0

All information, recommendations and suggestions appearing herein concerning this product are based upon data obtained from the manufacturer and/or recognized technical sources; however, Thermoplastic Comfort System, Inc. makes no warranty, representation or guarantee as to the accuracy, sufficiency, or completeness of the material set forth herein. It is the user's responsibility to determine the safety, toxicity and suitability of his/her own use, handling and disposal of the product. Since actual use by others is beyond our control, no warranty, expressed or implied, is made by Thermoplastic Comfort System, Inc. as to the effects of such use. Thermoplastic Comfort System, Inc. does not assume any liability arising out of use by others of the product referred to herein. The data in this Material Safety Data Sheet relate only to the specific material designated herein and does not relate to use in combination with any other material.
